Delightfull – Enlighten your world

Working with our own hands we transfer our passion and devotion in everything we made. That's how masterpieces born. Lighting pieces that reflect a personality, a frame of mind, strong emotions present in each detail. Share a soul and a heritage with the world... that's Delightfull world.

The world needs to know...

Delightfull's world is ambience, history, moments that stay forever through lightning pieces created with wisdom and passion for craftsmanship of our artisans. It's a know-how culture combining a past Heritage of handwork and an attention to emerging needs.

Heritage Colection

Lighting collection Heritage assorted 30's, 40's and 50's Soul and Jazz legacy with the major value a man can have – wisdom- to do with his own hands.

For that reason each piece is done with passion and hold a history, a moment a soul...

A multipurpose collection with 25 lighting pieces with high aesthetic character combined in 4 typologies; Table, Floor, Wall, Suspension. Giving the opportunity to have soul and heritage everywhere in every moment...

Heritage Collection

Values

Skill

Each Delightfull piece has a Heritage of manual wisdom frequently forgotten with massive production.

Elegance

Each piece has a special place and identity , that's what make it unique.

Brand History and Timeline

In a creative environment looking at innovation and market trends was created, in November 2007, the first lighting brand of Menina Design Group – Delightfull. With our energetic way to be in market we found a market need for something innovative but, with soul. Delightfull is much more than simple lamps, is unique lighting pieces where each detail has a Heritage of wisdom and devotion.

Actually we pass soul and Heritage to: Portugal (Oporto), United Kingdom (London), Greece, Italy (Milan), France (Paris), Russia, USA (Washington & Miami).
