DelightFULL Lighting Pieces

DelightFULL is the meaning of elegance and sophistication as far as lighting pieces can go. With two different collections, Heritage and Graphic, DelightFULL's lighting pieces designs are inspired by musicians and their iconic and legendary music. From Diana Krall to Frank Sinatra or even John Coltrane, there are four categories of lamps: floor, wall, suspension and table - and some of them are considered families of lamps because the inspiration crossed more than one category.

The Salone del Mobile Milan is held in Milan in April every year, along with the biennial Euroluce exhibition in odd years and EuroCucina and the International Bathroom Exhibition in even years.

This year is the Euroluce year and DelightFULL is presenting four new pieces that will be a part of the Heritage Collection.

This year DelightFULL stand is at Pav. 13 | Stand H24, but some of DelightFULL lighting pieces are also showcased at Essential Home Stand, at Hall 3 | Stand L38.

With a new Contract Collection, DelightFULL is ready to take over the lighting world, with its amazing lamps, inspired by the most iconic music and musicians.
