MADELEINE | SUSPENSION

Inspired by a flower bouquet, DelightFULL's designers designed Madeleine, an industrial pendant lighting. With four cone swiveling pinhole lights, this brass pendant lamp features a matte white interior and a gold powder paint inside finishing. This white pendant light is also possible to have with an adjustable drawbar so that you can move it anytime. Madeleine is 15,5 inches tall, but it can be customizable on purchase, being adjustable up to 39,4 inches. Madeleine can complement many lofts, bars and restaurants, however this pendant light can go anywhere, adding an industrial style touch to whatever room you decide to hang it in.
