

## LEE | FLOOR

Mid-century modern design inspired Lee floor light. Inspired by a classic 1950's vintage style microphone on top of a stage, this standing lamp will steal everyone's attention to it. Ideal for an industrial loft and for a mid-century interior, Lee is the perfect corner lamp for every demanding setting, making an excellent addition to DelightFULL's Heritage collection. This vintage floor lamp piece is handmade in brass and its lampshades in aluminum have a glossy black exterior and a matte white interior finishing. The top cover features nickel plated and matte white finishes, with a structure in brass.
